MILOŠ PETROVIĆ (24)

FULL STACK DEVELOPER

ABOUT

I'm a Team Lead & Full Stack Developer with a 4+ years of experience. I am interested in making new things or make old things better, and programming is my toolbox! As I am a self taught developer and designer, I'm constantly trying to improve my skills as a developer, but also as a team leader... I am looking to collaborate with a team where we can learn from each other, and work on some interesting challenging projects!
